The last annual report of Secretary Dobbin has been received with unusual favor by the press of the gard to the practicability of the plan the ladies have country without reference to party ties or predilections. His recommendations, particularly these in reference to an increase of the navy, are unhesitatingly endorsed and warmly responded to, accompanied with harness, on the floor; and, in short, by enlisted, cannot overcome, there are still insuperable earnest appeals for congressional interposition. The pending war in Europe, with all its threatening aspects and complicated interests, has naturally and properly directed the attention of the public to the expediency of largely increasing our naval force; and that expediency assumes the shape of imperative necessity when coupled with the startling fact that the United States-the second commercial power of the world-with almost a continent for a territory-and whose merchant ships are found in every part of the world-has a navy about equal to that of Spain, and vastly inferior to that of Holland. As evidence of public opinion in regard to the necessity of augment ing our naval force, as expressed through the medium of the press, we make room for the following com- W. P. REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING DECEMBER 21, 1854.

lew York, who dealt largely in naval stores, and the general tightness of money, the market for country produce has been very much depressed for several days, and prices have, in consequence, gone down very materially during the past week, as will be seen from our review below. TURPENTINE-This article ruled at last week's quotation up

o Friday, when it advanced 5 @ 10 cents on hard, and 10 cents on yellow dip, since which time the sales have been steady BOUT 250 acres of Land, situated on Middle Sound, at \$2 32 for virgin, \$2 90 for yellow dip, and \$1 60 for hard A known as the Nichols Land; well timbered with Oak, 280 lbs. The receipts have been light, and for the week ended this morning foot up only 1,921 bbls., as follows: Virgin. Yellow dip. Bbls. 52. \$2 24.... \$2 80 Thursday

894 . 2 32 2 90 \$1 55@1 Friday. 310... 2 32... Monday. 2 90 100. 2 32. Tuesday 2 90 565. 2 21.... 2 80 @ 2 90 .. 1 60 Wednesday No sales this morning, and the market is dull at our, lowest uotation of Wednesday (\$2 80 for yellow dip.) SPIRITS TURPENTINE-Since our review of prices have fluctuated considerably, having advanced 3 cents on Friday, with sales at 45 cents & gallon ;- since then the

market has ruled dull, and prices have gone down 7 @ 10 cents. The transactions for the week have been light, and reach 800 bbls. at 45 cents # gallon Friday 41 " 300 " 200Wednesday 250 This morning no sales up to the time of closing our report, and prices have a decided downward tendency.

uiet, and there are no buyers at Wednesday's quotation. Rosin-For the Common article we notice a better demand during the week, and the market ruled firm at \$1 25 up to this (Thursday) merning, when a decline of 5 cents took place, with sales at \$1 20 for large bbls .; - the demand now appears Thursday 1,094 \$1 25 for large size bbls. 1 25 Friday.... Monday 309 " 1 25 Thursday.... 600 1 20 In other grades the transactions have been limited, and are as

follows: Thursday, 230 bbls. No. 2 at \$1 40; and Saturday, 200 do. No. 1 at \$1 75 \$ bbl., 60 days. TAR-But little has been done in Tar during the week, and rices have declined 25 cents on former rates. Sales of 803 bls., viz: Friday, 109 bbls. at \$2, cash; Tuesday, 694 do. at \$1 75, cash, and 30 and 60 days. To-day one or two parels are offering on market, but no buyers at our lowest quota-BEEF CATTLE-We note a fair supply of beeves in butcher's

hands, and not much demand. A drove of 110 head was brought in on Monday, and sold at 5 cents \$ 15. for ordinary quality ;- a prime article sells at 6 cents. Corrox-Has declined on former quotations, and the market is in a drooping condition. We have to notice the sale this week of only 22 bales (on Tuesday) at 51 cents for ordinary, and 61 @ 64 cents & lb. for middling. Coffee Prices remain about the same as reported for sev-

CORN MEAL-Appears to be in rather better enquiry, but no change to notice on former quotation. Small sales from store at 95 cents 2 bushel. Eggs-Are brought in sparingly, and we advance our quotations to 25 @ 30 cents & dozen, from carts and boats. EMPTY BARRELS-For Spirits Turpentine barrels the market for some time past has ruled very dull, and the sales are

principally of small parcels at \$2 for second hand, and \$2 25 @ \$2 30 for new. FISH-Mullets are in fair supply, and there is little or no enquiry for them. We quote from store at \$6 @ \$6 50 for pine and oak bbls. For other descriptions of fish we refer to our table for store rates.

FLOUR-There has been but little doing in Fayetteville orands since our last review, and the larger portion of the receipts have been for shipment. The sales during the early part of the week were made at \$8 50 for superfine, but the market now exhibits more firmness, with sales at \$8 75 @ \$9 bbl., the latter figure being for small lots. There is a fair supply on market, with a moderate demand at \$8 75. GRAIN- In CORN we have nothing new to notice. There have been no receipts for the week, and the supply on market

has been considerably educed. We quote from store at 85 @ 90 cents \$\ \text{bushel}, as in quality, but would remark that cargo rates are 10 @ 15 cents below these figures.——OATS—No receipts as yet of this article, but the supply in store is fully sufficient for the demand. Our quotations are for retail rates. -Peas-Ground Peas have not been brought in quite so freely for the past week ;—no change, however, to make on former rates, and the sales have been at \$1, \$1 05 @ \$1 10 bushel. In Cow Peas we hear of no transactions except in the retail way. There is a fair supply in dealers hands, and we continue former rates-75 @ 80 cents & bush .--- RICE-The supply of clean in store remains light and we notice no receipts this week; former arrivals are selling from store in the small way at 5 cents & ib. In the rough article we hear of no transactions, and quotations are nominal at \$1 05 @ \$1

HAY-No receipts worthy of note since our last review, and fair supply on market. Last sales were at \$1 for Northern and \$1 05 for Eastern make, \$100 lbs. See table for store uotations, as in quantity and quality. LIME - No arrivals for some weeks past, and the supply market is light We quote from warehouse at \$1 20 to \$1 30

LIQUORS—The price of domestic liquors has gone up 5 cents on former quotations, and the stock in dealer's hands is small. See table for store rates, as in quantity and quality.

Molasses—There is but little enquiry for this article, and prices remain as last reported. Cuba is selling from wharf at 23@24 cents, and from store at 25 cents & gallon.

Potatoes—Sweet have been brought in very slowly for sev-

eral weeks, and are in demand. boats at 60@70 cents \$\mathbb{O}\$ bushel. But few Irish Potatoes in store; selling at \$2 75@\$3 \$\mathbb{O}\$ bbl.

Provisions—In N. C. Bacon we notice no receipts. There is but little if any of the old stock in first hands, and no

new having yet come in, we have no transactions to report ;new having yet come in, we have no transactions to report;—
our quotations are, therefore, merely nominal. A lot of new
would find ready sale at a fair price. In Western cured we
note a better supply on market, and the demand is limited.
Small sales this week from store at 8@8i cents for shoulders,
and 9@9i cents P B. for sides.—LARD—For this article
there is only a limited enquiry from grocers, and there is a
moderate supply of both N. C. and Northern make on market;
the former is selling in the small way at 12i cents in kegs, and
the latter at 11i@12 cents P B. in bbis.—Pork—Northare mass is in fair supply, and not much demand:—we quote ern mess is in fair supply, and not much demand;—we quote sales this week at \$14 50@\$15 \$2 bbl., as in quantity. Fresh is in moderate enquiry, and receipts light; sells readily from carts and boats at 62, 71@8 cents \$2 lb., the latter figure for a prime article of corn fed.

Poultry — The market continues to be poorly supplied with poultry; turkeys sell at \$1 to \$1 12½, and chickens at 20 to 25 cents each. SHINGLES-Common have been brought to market rather more freely during the week, and sold at \$4 @ \$4 25 \$ M.-

the latter quotation being principally paid for small boat loads. We quote Contract at \$6 @ \$8, as in quality.

SALT—No receipts of either Liverpool or Alum Salt for the past week, and there is but a light stock on market. Of the former, we notice a sale of 800 sacks (to arrive) at \$1 35 @ \$1 40 \$\text{18}\$ sack; held at \$1 45 @ \$1 55 from store. There is a fair demand for Alum with small sales from store at \$60 @ \$5. demand for Alum, with small sales from store at 60 @ 65 cents

TIMBER-The market for this article rules dull, and nearly quite all of the transactions during the week have been at 90 days. The sales reach only 6 @ 8 rafts. See table. A lot of 50,000 feet Ash logs sold on Friday at \$10 W M. FREIGHTS-But very few vessels have arrived here for two weeks past, and there are now but a small number in port, in consequence of which coastwise rates have advanced a shade on naval stores and cotton, and nearly all the vessels have been taken up at our quoted rates. See table.
